MEMORANDUM FOR THE UNDERSECRETARY OF DEFENSE FOR POLICY

SUBJECT: ~~(U)~~ United States Africa Command Fiscal Year 2025 Theater Posture Plan

1. ~~(U)~~ The United States Africa Command (USAFRICOM) Fiscal Year 2025 (FY25) Theater Posture Plan (TPP) details my intent for the basing of forces and capabilities across the continent to enable the operational reach and agility required to achieve USAFRICOM's Campaign Plan Objectives. This TPP is aligned with strategic guidance and the Office of the Secretary of Defense (OSD) FY25 Guidance for Posture Plans.

~~(U)~~ Executive Summary

1. ~~(U)~~ The Fiscal Year 2025 (FY25) United States Africa Command (USAFRICOM) Theater Posture Plan (TPP) links United States (U.S.) national strategy, U.S. Government (USG) policy guidance, and USAFRICOM's Theater Strategy to inform Department of Defense (DoD) resourcing decisions. The TPP informs other Combatant Commands (CCMDs), services, the Joint Staff (JS), the Office of the Secretary of Defense (OSD), and other stakeholders by defining the CCMD's posture approach, challenges, and initiatives across a challenging area of responsibility (AOR) and guides staffs, components and subordinate commands during implementation of the USAFRICOM Campaign Plan (ACP).

A. ~~(U)~~ Chapter I (Strategic Narrative) links USAFRICOM's theater posture approach to USG policies, DoD guidance, and other considerations. In addition, it outlines ongoing posture initiatives and emerging requirements.

B. ~~(U)~~ Chapter II (Forces) addresses force and capability gaps impacting USAFRICOM's ability to effectively accomplish assigned tasks and growing risk to mission.

C. ~~(U)~~ Chapter III (Footprints) identifies posture locations and highlights USAFRICOM's lack of flexibility to adapt to frequently changing threats, geopolitical environments, and crises. This chapter also summarizes proposed footprint related changes.

D. ~~(U)~~ Chapter IV (Agreements) outlines USAFRICOM's bilateral and multilateral agreement priorities and provides a list of current agreements by country.

E. ~~(U)~~ Chapter V (Appendices) includes theater maps, location unique information, change nominations to the OSD Enduring Location Master List (ELML), and the USAFRICOM Contingency Location Master List (CLML).

C. ~~(U)~~ Agreements:

1) ~~(U)~~ USAFRICOM establishes agreement priorities in order to set new conditions for future OAs that rest within the ACP and to reinforce existing partnerships in order to achieve common objectives, increase cooperation opportunities, and reduce risk. Operational requirements directly influence the forces and footprint requirements in theater. While agreements are developed in conjunction with strategic initiatives, predicting future agreement opportunities and taking early action facilitates responsive posture changes when crisis occurs or operations require.

2) ~~(U)~~ The following agreement priorities, though not solely USAFRICOM's to facilitate, will positively affect the USAFRICOM mission when realized and increase the command's strategic resiliency. Current priorities that follow are subject to change after the CCDR signs the TPP based on force changes or partner willingness.

a) (S) (b)(1)1.4a, (b)(1)1.4d

b) ~~(U)~~ Acquisition and Cross Servicing Agreements (ACSAs) with Benin, Tanzania, Algeria, Mauritius, Seychelles, Sierra Leone, Equatorial Guinea, and should conditions become conducive, Libya.

I.2. ~~(U)~~ Theater Strategy

1. ~~(U)~~ The USAFRICOM Theater Strategy places African partners at the center of our ability to achieve unity of effort and lasting, positive change on the Africa continent. It is a partner-led, U.S.-enabled approach, backed by continuous coordination among defense, diplomacy, and development agencies, as well as among a resolute network of international allies, who share in the common goal of ensuring a lasting, free, open, secure, and prosperous international order.

B. ~~(U)~~ The annual USAFRICOM Campaign Order (ACO) is the means by which the command directs the staff, components, and subordinate commands to execute OAs in support of (ISO) the campaign. A Theater Posture Location Operation Order supports the ACO and refines posture-associated tasks to staffs, components, and subordinate commands.

C. ~~(U)~~ The TPP is a critical supporting document for the five-year ACP and aligns with key national direction. It is informed by national policy outlined in the NSS, the NDS, GPR guidance, and other policy documents.

#### I.4. ~~(U)~~ Posture Initiatives

1. ~~(U)~~ USAFRICOM intends to address aforementioned posture gaps in the following ways. While some of these initiatives are continued from prior year TPPs, some are new to the FY25 plan and will likely continue into future years due to extended time periods required to coordinate with U.S. interagency partners and African host nations, and limited DoD resources, including impacts of continuing resolutions.

### III.2. ~~(U)~~ Enduring Locations

1. ~~(U)~~ Forward Operating Site (FOS). USAFRICOM has four FOSs within its AOR: Ascension Island, CLDJ, CADJ, and Manda Bay, Kenya. USAFRICOM is also heavily reliant on enduring locations in the USEUCOM AOR, including prominently in the United Kingdom (Croughton, Lakenheath, Mildenhall, and Molesworth), in Germany (Stuttgart, Wiesbaden, Ramstein, Landstuhl, and Baumholder), in Italy (Aviano, Naples, Sigonella, Vicenza, and Livorno), in Spain (Rota and Morón), in Greece (Larissa Air Base and Souda Bay), and in Cyprus (Akrotiri).

A. ~~(U)~~ Ascension Island. Lead Service – USSF. FOS Ascension Island is a sovereign British overseas territory with a modern military airfield (ICAO: FHAW). (b)(1)1.7e

D. (S//REL USA, FVEY) (b)(1)1.4a, (b)(1)1.4d  
[REDACTED]

2. ~~(U)~~ Cooperative Security Location (CSL). USAFRICOM has eleven CSLs in its AOR supporting a range of operational missions.

B. Crisis Response (CR) Cooperative Security Locations (CSLs). CR CSLs are a term unique to USAFRICOM. Specific requirements and capabilities for these locations will be

promulgated in the Theater Posture Location Operations Order. Four CSLs are USAFRICOM designated CR CSLs.

1) (S//REL USA, FVEY) (b)(1) 1.4a, (b)(1) 1.4d, (b)(1) 1.4g

C. ~~(U)~~ Multimodal locations. In addition to USAFRICOM specific posture locations, USTRANSCOM's Enroute Infrastructure Master Plan (ERIMP) identifies en route locations which are crucial to the support of CCMD requirements and are worthy of long-term investment. Such investment may be through sustaining existing posture, enhancing infrastructure at overseas locations, or strengthening host nation relationships with a focus on commercial capacity to foster assured access. These locations include not only those identified in this TPP where the U.S. currently enjoys considerable freedom of access, but also those where access is limited or non-existent, and where USTRANSCOM, in coordination with the CCMDs with assigned AORs, intends to pursue access over the next two- to five-year period. (b)(1)1.7e

[REDACTED]

[REDACTED] ERIMP updates are aligned with the latest published DoD strategic guidance, CCMD TPPs, and other USTRANSCOM products and processes such as the TRANSCOM Posture Infrastructure Steering Committee (TPISC).

#### IV.2. ~~(U)~~ Prioritizing Agreement Actions

1. ~~(U)~~ USAFRICOM establishes agreement priorities on the basis of a tiered risk framework, prioritizing the establishment of agreements to enable risk-mitigated OAs. These priorities are subject to change after the TPP is signed out on the basis of reordered priorities arising from DoD decisions on the employment of forces throughout the AOR. Note that some locations will have multiple considerations associated with the risk-based framework:

A. ~~(U)~~ Countries in which there are ongoing U.S. operations/deployments, but that provide insufficient legal protections (e.g., C-VEO operations for which there is a legal/status protection risk for participating personnel);

B. ~~(U)~~ Countries with established posture locations, but that provide insufficient legal protections or access guarantees (e.g., NEW NORMAL posture locations with access-related mission accomplishment risk);

C. ~~(U)~~ Countries with established posture locations at which U.S. forces are conducting or planning to conduct multilateral exercises for which insufficient legal protections or access guarantees exist; and

D. ~~(U)~~ Countries with posture locations with potential priority missions with insufficient legal protections (e.g., competition missions).

2. ~~(U)~~ USAFRICOM has developed a methodology to prioritize its agreement initiatives based on factors drawn from command strategic guidance. This summation of relevant factors produces a numerically expressed priority list, subject to CDR review and confirmation. The strategic factors include:

A. ~~(S//REL-USA, FVEY)~~ (b)(1) 1.4a, (b)(1) 1.4d, (b)(1) 1.4g

B. ~~(S//REL-USA, FVEY)~~ (b)(1) 1.4a, (b)(1) 1.4d, (b)(1) 1.4g

C. ~~(S//REL-USA, FVEY)~~ (b)(1) 1.4a, (b)(1) 1.4d, (b)(1) 1.4g

D. ~~(S//REL-USA, FVEY)~~ (b)(1) 1.4a, (b)(1) 1.4d, (b)(1) 1.4g

E. ~~(S//REL-USA, FVEY)~~ (b)(1) 1.4a, (b)(1) 1.4d, (b)(1) 1.4g

F. ~~(S//REL-USA, FVEY)~~ (b)(1) 1.4a, (b)(1) 1.4d, (b)(1) 1.4g
